## SUMMARY

A final-year B.Tech student at Amity University, aspiring to be a Full-Stack and DevOps Engineer. I thrive on solving complex problems and finding optimal solutions, merging my strong interests in AI/ML and strategic product design. My experience is proven by the successful development and deployment of multiple web projects. I bring strong collaboration skills and hands-on expertise with cloud technologies and databases, ready to contribute effectively to any agile team.

## SKILLS

**Programming** - C++, PYTHON, Javascript, Java

**Development** - HTML, CSS JS, MERN Stack, Rest APIs,

**Cloud Computing** - AWS, Docker, Kubernetes

**Tools** - Git, Postman, Microsoft Office suite, UX/UI design

**Soft skills** - Microsoft Suite Graphic Designer, Problem Solving

## PROJECTS

### Alpha AI

[\[View project\]](#)

- Built and deployed an intelligent AI search engine (using Llama, Mixtral, Gemma, Supabase, Tavily) that dynamically routes queries to optimal models, cutting API costs by 40% and latency by 60%.

### Infifeed

[\[View project\]](#)

- Developed a scalable full-stack social media application (like Instagram), mastering all layers from database to UI to handle infinite scroll content delivery and high user traffic.

### Iphone Website Clone

[\[View project\]](#)

- Showcasing advanced front-end expertise by developing a high-fidelity clone of the official iPhone site, featuring pixel-perfect design, signature animations, and full responsiveness.

## EXPERIENCE

### SAARK Customs Pvt Ltd (Web development Internship)

June 2024 - Aug 2024

<https://tinyurl.com/bdez68x6>

- Developed a ReactJS-based crypto price tracker during the 2-month internship, which utilized a public API (CoinGecko) to display real-time prices, market cap, and 24-hour change for major cryptocurrencies.

## EDUCATION

B.Tech CSE, Amity University, Gurugram

[7.29 CGPA]

2022 - 2026

Class XII Kendriya Vidyalaya Jhajjar, Haryana

[81%]

2020 - 2021

Class X Kendriya Vidyalaya No.2, Gurugram, Haryana

[80.4%]

2018 - 2019

Full Stack Development Cohort (0 - 100) by 100xDevs

2023 - 2024

## INVOLVEMENT & ACHIEVEMENTS

### Google Developer's Group on Cloud Lead (2024-2025)

- As the Campus Tech Lead for the Google Developers Group at Amity University, I'm spearheading innovative tech initiatives and setting the stage for breakthrough presentations at Prom 2024 to 2025.

### Smart India Hackathon (SIH) 2023

- Won SIH at university level and got a chance to represent my college at SIH 2023

### Amity Innovathon 2023

- Selected for the Grand Finale Round of Amity Innovathon hosted by Hacker Rank and Meity Startup Hub

### PR Lead, University Sports Club 2025

- Led public relations, successfully driving media visibility and achieving a marked increase in overall student participation.
